1924 - 2024

CLUB HISTORY

One of the first mentions of organised rugby in Penicuik is in a press cutting dated 22nd December 1923 which recorded that "In the Public Park on Saturday the game of rugby was played by a number of youths who propose having occasional games." Penicuik Rugby Football club was officially born in January 1924 with the first organised game being played later that month. The first general meeting of the club was held in the Cowan Institute (now Penicuik Town Hall) on the 30th of April 1924 and was chaired by Dr Charles W. Badger, a former pupil of George Heriots School and a former Heriots First XV player. Charles (along with his brother Patrick), was instrumental in bringing the game of rugby to Penicuik.

During the club's first season (1924-1925), fixtures were played on a home and away basis against other local clubs including Peebles, Linlithgow, Lasswade, Dunbar and Tranent. It was to prove to be an auspicious start with Penicuik recording 15 victories from a total of 22 games played. It was during this season that the club made its first venture into the Sevens game, appearing at the Peebles tournament.

Games were played in the Penicuik Public Park from the outset and changing facilities were hosted at what was then Cornbank Farm. In the 1930s, the town council provided a small pavilion for use by the club and a 2nd XV was fielded for the first time. The club continued to field two full XV squads until the fixtures list was abandoned for the duration of the war. Post war, the club reconvened and a 1st XV was assembled to play 19 fixtures during the 1946-1947 season.

As the Public Park had been turned over to crop production during the war, a temporary site had to be found on which to play home games and games were played on the High Park (accessed via Broomhill Road) with home and visiting teams changing at the Cowan Institute before making the half mile trek to the pitch. The club resumed matches at the Public Park the following season. The club hosted its first Sevens tournament in 1965 and this hugely popular event in the club's calendar continues to be held annually.

Saturday represents another chapter in the rich history of our club as we welcome Lismore to Montgomery Park to play in our centenary fixture. On such a special day for the club.

I'm delighted that so many current players, joined by a few Penicuik legends, will take the field in this unique fixture to celebrate 100 years of the playing of our great game in Penicuik. At the last count we have six former captains due to make an appearance as part of a squad of nearly 40 players which span the past, the current and the future of our senior squad.

I'm delighted that many of our sponsors will be joining the celebrations this weekend as we say thank you to them for their generous support again this season. Their continued backing is crucial in the running of the club which also allows us to grow and develop both on and off the pitch. Thank you again to them all and enjoy your afternoon.

Over the last 100 years the one consistent thing that has been at the heart of the club's success has been the vision, effort and time that so many great people have given since a group of gentlemen chaired by Dr Charles W. Badger and his brother Patrick, got together in 1924 to bring the game of rugby to Penicuik.

As part of our weekend it gives us the opportunity to specifically thank the many office bearers and committee members who have served the club over the years. Many will join us before the game to share stories and look back on many enjoyable moments that have made the club what it is today. Finally I guess it wouldn't be Penicuik if we weren't thinking about the weather so please dress accordingly and I look forward to seeing a big crowd to enjoy what promises to be a fantastic weekend of celebration.

Cheers Gav
